

NOTICE

RV Park and Camp Ground

Unfortunately the Deer Lake Municipal RV Park and Campground will not be open for the 2020 season. The Covid-19 Pandemic has caused delays with construction and uncertainty regarding the operations. Consequently, the decision has been made to remain closed for the 2020 season. Renovation of the Deer Lake Municipal RV Park and Campground will continue in preparing for the 2021 season.

Municipal Day Park (Humber Swimming Area)

Along with the Deer Lake RV Municipal Park and Campground the swimming area will also be closed due to the construction in the park. We will be working towards opening the swimming area as soon as there is a safe way to do so while continuing with the construction and entering the new Covid-19 normal.

Boating Area

The segment of the river between the swimming area and the island may also be closed during this time. There will be no through traffic and barriers will be in place enforcing compliance. Please watch for notices and be aware of this when on the water.

We would like to thank everyone for your understanding and apologize for any inconvenience this may cause anyone. Ensuring that residents and campers remain safe while renovations continue is everyone's number one priority. The Deer Lake Municipal RV Park and Campground website will be updated in the next couple weeks showing the existing and future renovations to the park. As you will see the future of the Deer Lake Municipal RV Park and Camp Ground is something to be excited about and will be worth the wait.
